

SWAYAM ARORA

Data Scientist | Python | SQL | LLMs | Power BI | Excel

Haryana, India | +91-9821931707 | aroraswayam0@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Professional Summary

- Data Scientist with experience in **Python, SQL, LLMs, Excel, Power BI**.
 - Experienced in **acquiring data, performing EDA, building ML models, data pipelines and dashboards**.
 - Analysed **100K+ records** for climate data analysis and stocks portfolio time series analysis.
 - Experienced in leveraging **AI tools for automation, faster analysis, and insight generation**.
-

Experience

- **Intern — MCT India Infotech Pvt. Ltd.** *June 2025 – August 2025*
 - Analysed **system and application logs** to identify performance bottlenecks and failure patterns.
 - Performed **data-driven monitoring analysis** to optimise system performance and reduce downtime indicators.
 - Created **KPI-based reports and dashboards** for tracking system health, uptime, and resource utilization.
 - Automated **data extraction and preprocessing pipelines** using Python, improving analysis efficiency by **~20–25%**.
 - **Data Science Intern — CodersCave** *June 2024 – July 2024*
 - Cleaned and analysed **100K+ records** using Python (Pandas), improving data processing efficiency by **25%**.
 - Performed **exploratory data analysis (EDA)** to identify trends, anomalies, and data quality issues.
 - Built reproducible **Jupyter notebooks** and documented end-to-end data workflows.
-

Projects

- **AI-Enabled ERP Dashboard System (Final Year Project) | AI/LLMs, SQL** [\(Link\)](#)
 - Led development of **AI-powered modules**, focusing on **automation using LLM APIs**
 - Built **AI-assisted course code generation**, reducing manual effort by **~80%**
 - Developed **LLM-based grading system**, reducing evaluation time by **~60%**
 - Integrated **face recognition APIs**, reducing data retrieval time by **~70%**
 - **Customer Churn Analysis | Python, SQL, AI-assisted** [\(Link\)](#)
 - Analysed **10K+ records** using **EDA & feature engineering**
 - Identified **3 high-risk customer segments**, enabling **~15–20% retention improvement**
 - **Retail Sales Analysis | SQL, Excel, AI-assisted** [\(Link\)](#)
 - Analysed **50K+ transactions** using **optimised SQL queries**
 - Identified **top 10% products** contributing to **~60% of revenue**
-

Technical Skills

- **Programming:** Python (Pandas, NumPy), SQL
 - **Data Analysis & Processing:** Exploratory Data Analysis (EDA), Data Cleaning, Data Wrangling, Data Preprocessing, Feature Engineering, Statistical Analysis.
 - **Visualisation:** Power BI, Tableau, Matplotlib, Seaborn, Business Intelligence (BI), Dashboard Development.
 - **Tools:** Advanced Excel, Git, Jupyter Notebook, VS Code.
 - **Databases:** MySQL, Relational Database Management Systems (RDBMS), Data Query Optimisation.
 - **AI & Productivity:** AI-assisted Data Analysis, Prompt Engineering, Workflow Automation, Insight Generation using LLMs.
-

Education

- **Bachelor of Technology in Computer Science** — Manav Rachna University (2022–2026) — CGPA: **7.39**
-

Achievements / Certifications

- Published a research paper in Springer on "Optimizing Pharmaceutical Supply Chains: An Intelligent Approach to Sustainable Business Growth".
- Data Analytics Lead, Google Developer Student Club, Manav Rachna University, leading a team of 5.
- 3rd Prize, MRSDC MRI Hackathon – Hack-It Up (out of 200+ participants).
- Google Analytics — Great Learning Academy.
- Data Engineering Certification — RapidMiner.
